Type II Theta Liftings on Loop Groups

By

Mr. Yanze CHEN

Abstract

We discuss the computation of some theta liftings of type II dual pairs for loop groups.
We will focus on the simplest case of the pair (GL_1, GL_1) .

Date : 6 May, 2020 (Wednesday)
Time : 3:00pm – 4:00pm
Zoom Meeting : <https://hkust.zoom.com.cn/j/5393859032>

All are Welcome!
