SEMINAR ON APPLIED MATHEMATICS

**Non-Hermitian physics: Reciprocal versus
non-reciprocal models**

By

Prof. Habib Ammari

ETH, Zurich

Abstract

The speaker will report recent results on non-Hermitian subwavelength physics. He will contrast two models: reciprocal and non-reciprocal ones and formulate some open questions.

Date : 20 April 2024 (Saturday)

Time : 10:00a.m. – 11:00a.m.

Venue : Room 4472 (near Lifts 25/26)

All are Welcome!
